markets.

BENEFITS

We optimize your
operating costs.

We are a company specialized in agricultural and industrial parts. With more than 15 years of experience in the international market, we sell the best spare parts and aftermarket components for agricultural and industrial machinery.

All of our products are above the highest OEM quality standards, are ISO certified and have a one-year warranty. For this great supply of spare parts, we have made alliances with leading manufacturers that allow us to provide our customers with the best solution in aftermarket parts.

We build solid relationships with our dealers by providing them with the necessary support to sell our parts in their market.

Our goal is to be your first global supply partner by giving you the possibility of having a single supplier and contact for all your needs.

Agritach, your partner in agricultural and industrial supplies.

WARRANTY

We guarantee material and manufacturing defect-free spare parts for one year as of the date of sale. This warranty applies to any part that is properly installed, maintained and operated under normal conditions.

As part of our quality commitment, we carry out thorough tests together with our suppliers and have implemented a strict policy, structure and process.

In all cases, Agritach's sole responsibility will be the replacement of the defective part or a refund that shall not exceed the original purchase price thereof.

LOGISTICS

We guarantee a reliable and timely delivery of our products.

The quality of each of our parts can also be seen in the best packaging for the protection during intentional transport . We rely on the ultimate efficiency in packing, packaging and international transport adjusting to the special preferences of each client. We perform sea, land and air shipments LCL o FCL, as well as express shipments by DHL Express.
